A nice big house on three floors in the village of Albanechez. The property currently comprises 2 living rooms, 2 kitchens, 2 bedrooms, 2 bathrooms and a large space on the entire second floor.

The house has been partially renovated but the property has been left for a number of years. The roof and the rear wall of the property are need of total repair. Part of the roof has now fallen in and it is no longer possible to reach the top floor.

Behind the house is a terrace/courtyard. The house has a lot of potential but does need a signifiant amount of work doing to it. Located on the edge of the village it is in a peaceful street with lots of parking very close by.
