Large three storey stone built town house for sale in Almeria Province, situated in the charming town of Lijar which offers all amenities for day to day living.

The property has a completely new roof but as can be seen from the photos, it otherwise is in need of complete renovation. With the potential for around 300m2 accommodation over the three floors, the property could make a large family home with garden, or could be split into two/three homes, or would make an ideal guest house - something which the town is currently lacking!

Electricity and water run past the front of the property so can easily be connected, and telephone / internet are also available.
