Swimming Pool: Private

Large and spacious detached property on two levels with a huge under-build. The villa was built in 2001 for the current owner and offers stunning sea and mountain views.

From the road, a long and gated driveway takes you to the property where you have a car port and a single garage.

Over two levels the property comprises entrance hallway, lovely large kitchen with archway, living room with fireplace, dining room with access to a beautiful terrace. The large windows and doors in the living area deliver lots of light. Also on this level is the master bedroom with built in wardrobes and doors to the terrace, the en-suite bathroom and a separate cloakroom.

A staircase takes you down to the lower level where you have 3 bedrooms and 2 bathrooms.

The property benefits from many extras including numerous terraces, large private swimming pool, oil fired gas central heating, air conditioning throughout, solar panels for hot water, and cavity wall insulation.

In addition the property is officially registered for rentals. As each level of this property has independent access, it would be an ideal property for someone that is looking to run a b&b or similar. The current owner rents the property at 1700 pounds sterling per week in the high season.
