This 4th floor apartment is located in a popular area of Albox, in a building with only eight apartments in total. The apartment is reached from the entrance foyer either by marble stairs or the lift.

The front door opens into the lounge/diner which benefits from A/C installed in the lounge area and access to the balcony. The large master bedroom leads off the lounge and is at the front of the building with a large window allowing lots of natural light.

Leading off from the dining area a corridor gives access to the rest of the apartment. The first room on the left is the family shower room, complete with basin, toilet and bidet. The next room is the utility room with washing machine, sink and shelves for storage. Along from this is the kitchen with enough space for a table and chairs. The kitchen is fully fitted with an electric oven and gas hob, the apartment being served by mains gas.

At the end of the corridor are the other two bedrooms. The second bedroom is a large twin room with fitted cupboards and a wall fan. Bedroom three is a single room, both bedrooms have windows looking out to the rear of the apartment.

This fully furnished apartment is bright and has a lot of natural light. Within walking distance of all the amenities of the town.
