This village house offers a good amount of space on several levels.

The main house has its entrance from the the road outside the property. The door opens into a small hall, on the right is a double bedroom, a lounge area then gives access to a second bedroom. Beyond the hallway there is a further room on the right which could become a bedroom with beautiful views. Next to this room is a small bathroom with toilet, basin and bath.

Behind doors the staircase leads down to the lower level of the house, at the end is the kitchen and the pantry. The kitchen is fitted with modern units, with built in oven, gas hob, sink and fridge.

Continuing downstairs to the next level we find a double bedroom and a further room that needs renovation including new flooring. The stairs carry on down to the lowest level and this leads out to a patio area with several outbuildings including a cave that needs restoration and an old kitchen and the old animal pens. There are gates leading out to the lower road at the rear of the house which would allow off street parking.

Close to all that Caniles has to offer and within 15 minutes drive of the city of Baza, this property is well priced and would create a nice family home or is ideal as a lock up and leave.
