As mentioned previously, the property is located a very short walk away from Turre market square and is set in a pedestrian street. A door from the street leads into the a lovely entrance hall /dining area with lovely stone arches opening into the living room boasting original features, including a wood burning stove and stone inlaid into the wall.
Off the living room there is a fully fitted kitchen with access onto a very private internal courtyard/patio with mosaic wall designs which is home to a bar area, the 2nd bathroom with shower and a utility/storage area. From here, stairs lead up to the private terrace with views overlooking the village, a shaded area for lounging and a large storeroom.

Back from the living room to the right is the first of the 2 double bedrooms which is a very generous size. A set of stairs from the living room then leads up to the master bedroom which is a good size and boasts a walk-in wardrobe, air conditioning and en-suite bathroom.

Many of the ceilings have exposed beams, and some of the internal walls have features of natural stone.
